

Therapeutic Touch Awareness Week May 6-13, 2026

Let's Talk About Therapeutic Touch

Dear Friends, Staff and Clients/Residents:

It was a privilege and joy to offer Therapeutic Touch® sessions for your clients during Therapeutic Touch Awareness Week 2025 (TT Awareness Week). Thank you for welcoming us and supporting our efforts to share valuable information about this evidence-based healing modality with others.

As you well know, these are certainly unsettling times for all of us for many reasons. We appreciate the stresses and struggles that your staff may be facing along with the challenges involving ever-changing guidelines, isolation and caring for themselves as well as for your clients. We certainly want you to know that we offer support through Therapeutic Touch for your continued strength and well-being.

The TTNO Therapeutic Touch Awareness Week will be held the week of May 6-13, 2026.

We would welcome the opportunity to come to your venue to share educational displays and provide Therapeutic Touch sessions in your agency during this week. Could we establish a day and time for our visit?

We look forward to resuming our valued partnership in May of 2026.

If you have any questions, please do not hesitate to contact me at [email address here] or by phone at [phone number here].

Be well and stay safe,

Alison Cooke, RT
On behalf of the TTNO Virtual Branch
