

## Therapeutic Touch Awareness Week May How to Create Your Event Poster

1. Choose the photo you want for your poster from the choices on these pages.
2. Download the fillable poster from the list by number. If it doesn't download when you click on it then try right clicking and choosing "download".
3. Open the file on your computer
4. Left click with your mouse anywhere in the area below the tagline "Activate Your Inner Healer". Type in your information. You may have to click several times before you see a cursor.
5. Type in your event information, including title, date, location, time. Don't worry, it will print without the blue behind the wording.
6. Save the file on your computer.
7. Print it at home or take it on a thumb drive to a print shop, e.g., Staples, to have the number of posters you need printed.

NOTE: The font size cannot be changed.
